

WORK STATION

EWT-100

Designed to work / inspect PCB and transfer it to next process.

MODEL	TYPE	DIMENSION (LxWxH)	WEIGHT(kg)	SPEED
EWT-100	SL	800x585x1800	80	0~180
	YL	800x685x1800	90	mm/sec
	XL	800x795x1800	100	(60Hz)

*Other requirement available upon your request

CONNECTING CONVEYOR

ECC-600/ASC-100

Designed to balance the production line and transfer pcb to next process.

MODEL	TYPE	DIMENSION (LxWxH)	WEIGHT(kg)	SPEED
ECC-600	SL	800x550x910	70	180
	YL	800x650x910	80	mm/sec
	XL	800x760x910	90	(60Hz)

*Other requirement available upon your request

MODEL	TYPE	DIMENSION (LxWxH)	WEIGHT(kg)	SPEED
ASC-100	SL	800x570x1000	70	180
				mm/sec
				(60Hz)

*Other requirement available upon your request

Features	<ul style="list-style-type: none"> • Programmable Logic Controller • Inspect/By-pass mode • Conveyor speed adjustment (Only for EWT-100 model) • Comforms to SMEMA Spec. 1.2
Options	<ul style="list-style-type: none"> • Touch screen • Auto or semi-auto width adjustment • Able to buffer by additional motor drive • Conveyor speed adjustment • Safety cover (Only for ECC-600 model)
